ST. JOSEPH'S UNIVERSITY

St Joseph's University is a Jesuit university at the heart of Bengaluru, the silicon city of India. Established in 1882 by Paris Foreign Mission Fathers, the management of the college was handed over to the Jesuit order (Society of Jesus) in 1937. The college was first affiliated with the University of Madras and later with the Mysore and Bangalore universities. In 1986, St Joseph's College became the first affiliated college in Karnataka to offer postgraduate programs. In February 2021, the St Joseph's University Bill was presented in the Karnataka Legislative Assembly and was subsequently passed by the Legislative Assembly and Karnataka Legislative Council. The college received its University status on 2 July 2022 and was inaugurated as India's first Public-Private-Partnership University by the Honorable President of India, Smt. Droupadi Murmu on 27 September 2022.

FREQUENTIA

Frequentia, the statistics association of St. Joseph's University is a dynamic community of enthusiastic students and professionals dedicated to exploring the multidisciplinary aspect of statistics and its intersection with various subjects. The association was founded in 2011 by the Department of Statistics under the visionary leadership of Mr. Ananda and Mrs. Jevitha Lobo. Frequentia is now the sole Statistics association of St. Joseph's University.

Our mission is to enlighten students about the various statistical modeling techniques that have applications across different industries and create an environment that encourages free-range thinking and conversations centered around new ideas related to the subject. We believe that statistics is not just a standalone subject but a tool that can be used to solve problems in diverse fields such as business, social sciences, engineering, and more.

TILASTO

THE NETFLIX EDITION

Welcome to "Tilasto: Where Numbers Meet Entertainment" – an exhilarating intercollegiate statistics fest hosted by St. Joseph's University! Get ready to dive into the captivating world of data analysis with a twist of Netflix-themed excitement. From the moment you step foot onto the grounds of St. Joseph's, you're transported into a realm where data isn't just numbers on a spreadsheet but the heartbeat of entertainment itself.

Immerse yourself in a whirlwind of activities meticulously designed to captivate both the seasoned statistician and the curious novice.

But that's just the beginning! At Tilasto, innovation meets entertainment as participants compete in exhilarating challenges inspired by Netflix originals.

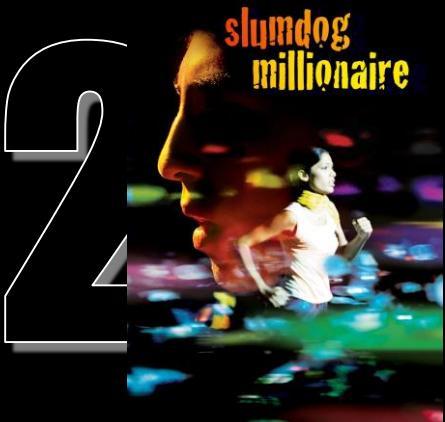

As the sun sets on St. Joseph's University, leaving behind a trail of illuminated minds and newfound friendships, one thing becomes clear: Tilasto isn't just an event – it's an unforgettable journey into the heart of statistical discovery, where numbers and Netflix collide to create magic.
